6TH NOVEMBER, 2010

Dear Members,

Please find herewith, copy of the Queensland Target Sports Development & Support Program policy. Please make this document available to all members.

The aim of this programme is to provide assistance and support to all members of Q.T.S and to support and assist them in any way possible. This assistance could be as simple as information, conducting Coaching Clinics, assisting with Come & Try Days etc.

We are endeavouring to develop participation in and the enjoyment of Small Bore Shooting in Queensland and to provide the opportunity for all members to develop shooting skills to the best of their ability in their chosen discipline.

A 'Development Squad' is being formed to provide special assistance to Junior, Youth and those members who wish to compete at a more 'elite' level.

This squad will be for both able bodied and disabled shooters and will be aimed towards I.S.S.F. Small Bore Rifle and Air Rifle Shooting and International level Rimfire Bench Rest Shooting.(ie. Rimfire Bench Rest Australia).

Selection to the squad will also be open to younger silhouette shooters who show both the potential and desire to progress further to other forms of Small Bore shooting.

If you would like to become a member of the Development Squad, please fill out the appropriate forms (Development Squad Application & Development Squad Agreement) and return to the address shown.

If you have any enquiries or would like assistance on any matter, either as a club or individual, please fill out and forward the 'Assistance Request Form' or if you wish to make a less formal request please do not hesitate to contact me directly by phone or email.

Some request for assistance such as Coaching Clinics or help with 'Come & Try Days' may be presented to QTS Management for approval.

We look forward to your participation and also invite comment and ideas for the improvement of this program and the sport of Small Bore shooting in general.

Regards,

Robyn Sampson
Coaching Coordinator
Queensland Target Sports Inc.
